

# StandUpSling padding

SystemRoMedic

CE

Manual - English

StandUpSling padding can be applied to the StandUpSling. It gives the StandUpSling an extra layer in soft material that attaches to the vest and are easy for the caregiver to apply. StandUpSling padding are used mainly for patients who are sensitive to pressure.

SystemRoMedic includes a wide range of functional, comfortable, high-quality slings that can be adapted for different types of lifting and for patients with different needs. The slings are available in several different materials and in sizes from XXS to XXL. All models are safe and very easy to use and are rated for lifting patients weighing up to 300 kg. The choice of model and material depends on the patient's needs and the transfer situation.

## Functional inspection

### Visual and mechanical inspection

Check the condition and function of the sling regularly. Always inspect the product after laundering. Check to ensure that seams and material are free from damage. Check to ensure that fabric is not worn or faded. Apply load to the device and check to ensure that clasps, handles, etc. withstand heavy load. If there are signs of wear, the product must be discarded.

## Always read the manual

Always read the manuals for all assistive devices used during a transfer.

Keep the manual where it is accessible to users of the product.

Do not leave the patient unattended during a transfer situation.

To prevent discomfort and the risk of the patient sliding out of the sling, trial fit the sling carefully. First, apply the sling's back loops to the slingbar, and then apply the leg support loops. Use a slingbar that has been tested.

## Application of StandUpSling padding:

Apply StandUpSling padding from outside and in to the middle on both sides. The band that is holding the two parts together will be up.

Use the StandUpSling as you would normally. Read the manual for the StandUpSling.

## Care of the product:

Read the product label.

Do not use rinsing agent.

To prolong product life, avoid tumble-drying.
