

Patient's name: \_\_\_\_\_

Social insurance number: \_\_\_\_\_

HygieneHBSling is easy to apply and facilitates dressing/undressing of the patient in connection with visits to the toilet. It features leg sections, which means that the patient does not sit on the sling. Instead, the sling provides support behind the back, up over the head and under the legs. HygieneHBSling is designed for most lifting situations that involve dressing and undressing of the patient.

### Functional inspection

#### Visual and mechanical inspection

Check the condition and function of the sling regularly. Always inspect the product after laundering. Check to ensure that seams and material are free from damage. Check to ensure that fabric is not worn or faded. Apply load to the device and check to ensure that clasps, handles, etc. withstand heavy load. If there are signs of wear, the product must be discarded.

#### Which size is used?

XX-Small     X-Small     Small     Medium     Large     X-Large     XX-Large

#### Which material is used?

Polyester

#### Accessories

SoftLegSupport

AdjustmentLoop
