

Patient's name: \_\_\_\_\_

Social insurance number: \_\_\_\_\_

FlexibleSling is pliable and flexible around the body and provides a feeling of security. It is available in three models; one with divided leg supports, one with undivided leg supports and one with undivided leg supports and commode opening. FlexibleSling is designed to give a lot of support and to adapt to the shape of the patient's body. After use, it can be left in the wheelchair, moulded seat or similar.

### Functional inspection

#### Visual and mechanical inspection

Check the condition and function of the sling regularly. Always inspect the product after laundering. Check to ensure that seams and material are free from damage. Check to ensure that fabric is not worn or faded. Apply load to the device and check to ensure that clasps, handles, etc. withstand heavy load. If there are signs of wear, the product must be discarded.
